

DRY FARMING IS TO BE DISCUSSED

Important Gathering to Be Held at Denver January 24-25.

MEANS MUCH TO THE WEST

UTAH AUTHORITIES TO BE AMONG SPEAKERS.

What is being done in Utah and other western states to reclaim arid lands by "dry farming" or scientific agriculture, as it is more correctly termed, will be set forth at the Dry Farming congress, which is to be held at Denver Jan. 24 and 25, and at which Utah authorities on scientific farming will speak.

Warren R. Given, of Denver, arrived in Salt Lake City last night, and today will call on Governor Cutler and other state officials, and the Utah men who will appear on the program of the congress will be selected. It is expected a large delegation will go from Utah to the congress, as there is much local interest in the dry farming movement. "No movement in recent years means so much to the west as dry farming," said Mr. Given at the Knutsford last night. "When you consider the millions of acres of land in the western states which can be reclaimed through advanced methods of soil culture, one readily sees the possibilities of scientific agriculture. This movement has added millions to the assets of each state, in a few years, for land previously considered suitable only for grazing has, through the successful introduction of dry farming, been doubled and trebled in value."

"What is now needed is more general information on the subject. To gather this information, it can be disseminated in proper form, is the chief purpose of the congress to be held in Denver this month."

Mr. Given is a former newspaperman, but is now in the land and irrigation securities business. He is secretary of the Denver Press club.

The agricultural interests of the west, he says, will have a staunch champion in Simon Guggenheim, who will be the next United States senator from Colorado. Mr. Guggenheim is taking considerable interest in the dry farming congress and may make an address to the gathering.

Among the men of national reputation who will attend the Denver congress are James Wilson, secretary of agriculture, and Gifford Pinchot, of the forestry bureau.

HOME MISSIONARY FIELD

Methodists Will Look After the Heathen in This Country More Closely Hereafter.

New York, Jan. 1.—Announcement was made today of a new missionary movement in the Methodist church, which is said to be the most important thing the church has undertaken in fifty years. The church papers this week will tell the world that the foreign missionary and home missionary departments of the church have been separated and the home missionary society created an independent body. Since the formation of a mission society in the Methodist church the two departments have been in one society, the funds being devoted according to a rule fixed by a general conference.

For some time it has been apparent to the church dignitaries that the home missionary field was growing in importance and with the year 1907 the home field will be relatively as important in its standing in church councils as the foreign missionary field. It is planned to raise \$1,000,000 for use in the home field. To further the project it has been decided to establish a new church proper as the organ of the home missionary society. The publication office will be in Philadelphia. The name of the paper will be the Christian Republic.

FUNERAL AT ST. MARY'S.

Sister Mary Alice Laid at Rest Yesterday.

The funeral of Sister Mary Alice, who died at St. Mary's academy, Sunday night, took place yesterday afternoon at half past 2 o'clock, the interment being in Mount Calvary cemetery.

The services were conducted by Rev. D. K. Kelly, V. G., assisted by a number of the clergy from the episcopal residence and All Hallows college. A requiem mass was sung for the deceased in the Community chapel at 9 o'clock in the forenoon.

The Knights of Columbus were represented at the funeral by the following members, who had served as pallbearers: Messrs. George G. Doyle, T. C. Laramie, F. E. McGurran, E. G. O'Donnell, J. J. Harvey and Dr. M. A. Hughes.

TRAINS FULLY MANNED.

El Paso, Tex., Jan. 1.—Superintendent Marks of the El Paso division of the Galveston, Harrisburg & San Antonio railroad states this evening that so far as his division is concerned there is no strike, as all the trains are fully manned and all are being handled on time. At the headquarters of the striking firemen, at which daily conferences of the members of that brotherhood and other organizations of trainmen are held, nothing was given out beyond an expression of confidence in their ultimate victory.

NAUGHTY "SCHOOLMA'AMS." Not Always Fair to Themselves.

"I taught school for a number of years," writes a Vancouver lady, "and like many other brain workers forgot how necessary the right kind of food is, and therefore suffered greatly from indigestion."

"My system became run down, my blood impoverished, and I had to take a year's holiday in the hope of regaining my strength."

"I saw Grape-Nuts food highly spoken of, tried the food and became very fond of it. After eating it with cream, only for breakfast, I gained quickly in strength and energy, and went back to work."

"When I married I soon convinced my husband that it was his heavy breakfast of meat, potatoes, hot biscuit and white bread that caused his feelings of languor in the mornings."

"Since eating Grape-Nuts and fruit he has become hearty and well."

"It is now many years since we began to use Grape-Nuts and the food seems as necessary in our household as salt. A favorite dessert is alternate layers of sliced apples, sugar, nutmeg and Grape-Nuts, cooked in the oven until the apples are done." Name given by Postum Co., Battle Creek Mich. Read the little book, "The Road to Wellville" in pkgs. "There's a reason."

NEW YEAR'S DAY LIKE OLD-TIMERS

Snow and Falling Mercury Inspire Enthusiastic Yuletide Spirit.

COLD WAVE DUE TODAY

STORM IS GENERAL OVER INTERMOUNTAIN REGION.

Enveloped in the first snowstorm of the yuletide season, Salt Lake spent a happy New Year's day yesterday.

The mercury dropped towards zero early in the morning and before night the cold and the storm increased until the city lay covered with a white mantle nearly three inches deep. But the New Year's turkeys only tasted the better for the snappy weather, cheeks were the rosier and in a thousand homes baby faces pressed close to the glass at the big flakes that came floating lazily down outside. A northerly wind drove the snow more violently in the afternoon, but for the most part it was a big, beautiful storm that made the day seem real.

For the theatres, roller skating rinks and dance halls it was a record day and evening, while scores of private parties were held. Stores and offices were closed, clerks and employers spending the time as suited the fancy. At the hotels a few belated travelers, caught away from home, sat about, smoking or writing letters.

Storm Was General.

The storm was general over the intermountain region, but as far as could be learned last night, it failed to prove itself any more severe than the time generally, and the home companies failed to experience any trouble. The Salt Lake line's Los Angeles train, due here at 5:35 o'clock in the morning, was several hours late, as the result of a tunnel blockade beyond the Salt Lake division.

The weather man reported during the evening that the center of the storm has passed, and while snow flurries are falling today, it is not anticipated that yesterday's fall of snow will be repeated. A cold snap is predicted for the remainder of the week. The mercury went to 20 degrees above yesterday, and will go much lower today, if the weather man's predictions hold good.

The street car company made heroic efforts to keep its cars running on schedule time, and succeeded fairly well. The three snow plows were used continuously throughout the day.

COMPLIED WITH ONE LAW

Another Act in the Way of New Issue of Stock by the Great Northern.

St. Paul, Jan. 1.—The Great Northern Railroad company filed yesterday with the secretary of state a notice of action taken by the board of directors in ordering an issue of \$50,000 additional stock. The certificate is signed by President James J. Hill and Secretary Edward T. Nichols. The notice also states the purposes for which the stock is to be issued.

The certificate has no connection with the suit brought by Attorney General Young.

Mr. Young said today that this notice in no way affected the action he had brought to compel the Great Northern to make application for public hearing before the state railroad commission on the necessity for the increase of the capital stock, as that part of the law was separate from the law requiring notice to be filed with the secretary of state.

MYSTERY CLEARED AWAY.

Hertzenstein Murdered by League of Russian People.

St. Petersburg, Jan. 1.—The mystery surrounding the murder of former Deputy Hertzenstein has, after months of investigation, finally been unraveled. Hertzenstein, who was a member of the lower house of parliament from Moscow, was murdered at his country house near Terioki, Finland, on July 31, 1906. A secret committee of the Constitutional Democratic party has traced the entire conspiracy and has obtained definite proof that the deed was the work of the League of Russian People. A man named Muskevitch is a prominent leader of this league, and it is alleged he hired the assassins to kill Hertzenstein.

The proofs have been placed in the hands of the public prosecutor, and an effort is being made to bring the case to trial.

MASHER KILLED BY ENRAGED HUSBAND

East St. Louis, Jan. 1.—With a single blow of his fist Charles Smith tonight killed D. F. Myers on the street near the viaduct, and then, realizing what he had done, Smith made his escape. Mrs. Myers struck him a swinging blow on the jaw. Myers dropped like a log and never moved, his neck having been broken. Smith is 27 years old and Myers was 40.

INSURANCE REFORMS.

New York, Jan. 1.—The insurance reforms secured by the Armstrong committee of the legislature went into effect today. For the year 1907 and hereafter no company will be allowed to write more than \$150,000,000 worth of business a year; agents' commissions will be reduced one-fourth; every new policy must contain the full contract under which the holder and insurer alike are bound, and no dividend policies may be issued. Besides the main reforms, several other little drastic changes went into effect.

INCREASED BIRTH RATE.

New York, Jan. 1.—The birth, marriage and death statistics of New York City for 1906 were made public today, with the comment that it was a prosperous twelve months. During 1906 there were reported 111,177 births, an increase over 1905 of 8,000; 48,355 marriages, an increase of 5,700; 76,206 deaths, an increase of 2,492. The birth record is the greatest ever reported.

CATHOLICS HOLD NEW YEAR'S MASS

Funeral of Sister Mary Alice at St. Mary's Academy.

SERVICES AT HOLY CROSS

INMATES OF ST. ANN'S ORPHANAGE OBSERVE THE DAY.

The Catholic people of the city ushered in the New Year yesterday with impressive religious services at St. Mary's church, Holy Cross hospital, St. Mary's academy, St. Patrick's church, All Hallows college and at the Kearns St. Ann's orphanage.

Mass was celebrated at St. Mary's cathedral at 7 o'clock in the morning and at 9 o'clock. At the first service, Rev. Father M. Curran celebrated the mass, and a large number of the congregation received the holy communion.

At St. Patrick's church, Father Curran gave the communicants the New Year greeting, and recommended that they live closer to their religion and their church. "Live every day," he admonished them, "so that you can be at peace with your fellow men, at peace with God and at peace with your own soul and conscience."

At the second mass, Rev. Father Galus Eugester officiated. During the service a children's choir, under the direction of Miss Nora Gleason, rendered appropriate hymns.

At St. Mary's academy, Rev. Father Kelly celebrated solemn requiem mass for the repose of the soul of Sister Mary Alice, of the academy, who died Sunday night after an illness of only a few hours. Rev. Father John Ryan celebrated mass at the Holy Cross hospital at 6:30 o'clock in the morning, which was attended by the Sisters of the Holy Cross, the hospital attendants, and the convalescent patients. All of those who attended the services received the holy sacrament.

At St. Mary's Academy.

At St. Mary's academy, Rev. Father Kelly celebrated solemn requiem mass for the repose of the soul of Sister Mary Alice, of the academy, who died Sunday night after an illness of only a few hours. Rev. Father John Ryan celebrated mass at the Holy Cross hospital at 6:30 o'clock in the morning, which was attended by the Sisters of the Holy Cross, the hospital attendants, and the convalescent patients. All of those who attended the services received the holy sacrament.

Rev. Father M. Deneaf officiated at mass at St. Patrick's church, Fourth West and Fourth South streets, at 8 o'clock yesterday morning, and regular services were held at All Hallows college, and at Kearns St. Ann's orphanage, where Rev. Father Harris officiated.

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 41 degrees; minimum temperature, 21 degrees; mean temperature, 31 degrees, which is 5 degrees above normal. Accumulated excess of precipitation since the first of the month, 5.5 degrees. Accumulated excess of precipitation since Jan. 1, 5.5 degrees. Relative humidity 87 at 6 p. m. Total precipitation from 6 p. m. to 6 p. m., 22 inch. Accumulated excess of precipitation since the first of the month, 17 inch. Accumulated excess of precipitation since Jan. 1, 17 inch.
